COMMENTS INVITED ON APPLICATION OF TRINSIC COMMUNICATIONS, INC. TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 05-199
Comp. Pol. File No. 709

Comments Due: June 8, 2005

Section 214 Application Applicant: Trinsic Communications, Inc.

On April 26, 2005, Trinsic Communications, Inc. (Trinsic or Applicant) located at 601 South Harbour Island Boulevard, Suite 220, Tampa, Florida 33602, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic services in Georgia, Tennessee, and select metropolitan areas in Florida.

Trinsic indicates that it provides Advanced One and Select One services to business customers with five or more outbound lines. According to Trinsic, these services are carried over high speed broadband facilities to the company's switches, and allow for enhanced voice and data communications services in select domestic areas. Trinsic states that it is no longer economically feasible to continue its current facilities based offerings, and that it is therefore planning to remove its switch in Atlanta, Georgia, and discontinue Advanced One and Select One services to customers located in Georgia; Tennessee; and Miami and Orlando, Florida. Trinsic indicates, however, that it will continue to provide these services in New York and Tampa, Florida. Trinsic further indicates that it will continue to provide other local and interexchange services throughout its operating territory, including but not limited to presubscribed local exchange services, presubscribed toll services, travel card and other services. Trinsic proposes to discontinue Advanced One and Select One services in the affected areas on June 30, 2005, or as soon thereafter as the necessary governmental approval can be obtained. Trinsic indicates that it notified all affected customers of the proposed discontinuance by letter dated April 21, 2005, and that it plans to follow up with written and verbal notice to the customers that remain. Trinsic states that it is non-dominant with respect to these services.

In accordance with section 63.71(c) of the Commission's rules, Trinsic's application will be deemed to be automatically granted on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies Trinsic that the grant will not be automatically effective. In

Trinsic's application, Trinsic indicates that it anticipates discontinuing service on June 30, 2005, or as soon thereafter as the necessary governmental approval can be obtained. In Trinsic's notice to its customers, however, Trinsic states that they must find an alternative provider no later than July 1, 2005. Accordingly, pursuant to section 63.71(c) and the terms of Trinsic's application and notice, absent further Commission action, Trinsic may not terminate service until **July 1, 2005**. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **June 8, 2005**. Such comments should refer to **WC Docket No. 05-199 and Comp. Pol. File No. 709**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. See *Electronic Filing of Documents in Rulemaking Proceedings*, 63 Fed. Reg. 24121 (1998). Comments filed through the ECFS can be sent as an electronic file via the Internet to <<http://www.fcc.gov/e-file/ecfs.html>>.
